

One axis; two wings (Zhongguancun/Xiaoyuehe); three cores (Source-Stack/Origin/Bell-Hub).

 REN-Axis · Concept Structure
Jing-Zhang AI Belt · One Axis · Three Cores · Two Wings

概念方案

From 人 (ren) to human-centered AI

The Qinglongqiao herringbone 人 switchback: one vertical spine (N - S), two diagonal wings (E - W), three cores strung north-to-south along the axis.

三核 1

Source-Stack

North · full-stack innovation

三核 2

Origin

Middle · near-campus transfer

三核 3

Bell-Hub

South · station-city economy

Wing · W

Zhongguancun Factor Wing

global factor configuration

Wing · E

Xiaoyuehe Scenario Wing

AI scenario empowerment

Legend

One Axis · Three Cores

red axis=spine · blue=wings · dots=cores · dashed=provisional

GeoJSON recomputed EPSG:4548 · provisional boundary · concept, not an approved conclusion

 Land-Use Structure & Three-Level Scope
Overall design area ~11.4 km² · seamless coverage

控规深度

Land-use legend

-  AI R&D / research
-  Park & open space
-  Industry & commercial
-  Community services
-  Provisional boundary

Coordinated research

43.6 km²

AI ecosystem · strategy · chain

Overall design

11.4 km²

renewal · industry · transport · character

Key areas

368.4 ha

three cores, detailed design

Classification: national land-use control (project subset); areas in EPSG:4548 · concept

Detailed Design of Three Key Areas

Source-Stack · Origin · Bell-Hub · 368.4 ha (provisional)

重点设计

1 Source-Stack (192.1 ha)

Garden-type full-stack district

platforms · governance · safety testing · Qinghe edge

2 Origin (104.3 ha)

Near-campus transfer & talent

open-source hall · transfer street · talent zone

3 Bell-Hub (72.0 ha)

Urban smart economy & exchange

station-city · four-quadrant walk · data factors

Note: key areas are provisional constraints — not official redlines/scoring/approval; recompute on official polygons.

Detailed design of three key areas · concept for professional deepening

Slow-Mobility & Blue-Green Public Space

One axis links three cores · N - S through, E - W stitched

复合系统

Legend

 greenway corridor  public interface  park green  main spine

Green ratio

12.3%

green_space / site

Public ratio

7.3%

public_space / site

Strategy

stitch & connect

park gaps · ring crossings · four-quadrant links

Ratios from GeoJSON; alignments pending official conditions · concept
